Training Calendar 2018-19

Civil Aviation Training Centre
Kurmitola, Dhaka-1229

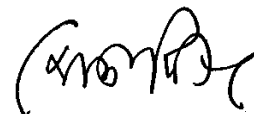

Preface

Civil Aviation Authority of Bangladesh (CAAB) is mandated for providing aeronautical services including air traffic control, aeronautical telecommunication operations and engineering, aerodrome and airport operations, aviation security. Civil Aviation Training Centre is CAAB's own training organization that conducts required training courses to develop CAAB's human resources to efficiently provide the services of CAAB.

CATC is one of the most vital training organization for the nation to run aviation in the country. There is no other organization that creates air traffic controllers, or CNS engineers, or Aviation Security screeners. Aviation security training systems and methods have undergone immense transformation in recent years. As such, not only the quality of training is demanding, so also is the required volume.

CATC prepared its Training Calendar for the financial year 2018-19 to meet the required training volume and quality of services in all its operational areas, as well as, to build leaders in organizational affairs.

About CATC

Introduction

Civil Aviation Training Centre (CATC) is the apex training organization of Civil Aviation Authority of Bangladesh (CAAB) and one of the most important units of it. The name itself indicates its functional importance. CAAB is mainly responsible for safe operation of civil aircraft, and efficient and expeditious flow of air traffic within the Flight Information Region (FIR) bounded by the international geographic boundary of Bangladesh. CATC trains CAAB's employees of all levels in the fields of Air Traffic Control, Communication, Navigation, Surveillance, Crash Fire and Rescue, Aviation Security and Aerodrome Engineering, Administration and Accounts adopting the standards set by the International Civil Aviation Organization (ICAO). CATC was established in Dhaka in 1975 through the assistance of ICAO/UNDP. The CATC is situated at Kurmitola near Hazrat Shahjalal International Airport. CATC conducts about 08 long courses for newly inducted employees, and about 40 short courses. CATC is 98 man-power strong, headed by the Principal/Director (CATC).

CATC is an integral part of CAAB, which functions as a separate directorate of CAAB Headed by Principle/Director who is responsible to the Member (Operations and Planning).

Vision

CATC builds patriotic and competent professionals to ensure safety-security, efficiency and regularity in air traffic movements and airport operations.

Mission

- ✚ Developing competent human resource for Civil Aviation Authority by conducting quality training programs that fosters and professional knowledge, skill and attitude to a satisfactory level against required performance standards.
- ✚ Conducting research in the fields of training program development including training standards, quality control and risk management.
- ✚ Establishing effective co-operation with national and international training organizations with the aim of developing CATC's organizational capacity.
- ✚ Promoting patriotism in all employees of CAAB in light of the spirit of Liberation War 1971.
- ✚ Promoting a culture of continuous learning in CAAB employees to serve the nation with enhanced capacity.

Ethics and Values

Discipline: CATC maintains discipline of highest order in every step of its activities, duties and responsibilities in order to cultivate beautiful behavior from its employees and trainees. It is intended to mean

adherence to organization's vision, mission, objectives, procedures, employment contract and training programs in order to maintain smooth functioning of CATC and create a healthy work environment.

Cleanliness: CATC maintains high standard of physical cleanliness inside and around of its working complexes. Each employee will act in such manners that will ensure maintaining of the clean environment. Cleanliness is also intended to include neatly placing of furniture, cabinets, files, documents etc.

Care: Each employee endeavors for highest care for colleagues, trainees, and assets belonging to CATC. This involves having a genuine concern for others, as well as a sense of compassion with fairness and respect. Senior management remains caring, benevolent and kind to both employees and trainees, and seek to reach their goals while causing the least amount of harm and the greatest amount of good.

Timeliness: Utmost efforts are taken for timeliness in all activities of CATC, including realization of Annual Course Plan, course events, evaluations, research events, initiation of TPM revisions and amendments, attendance etc.

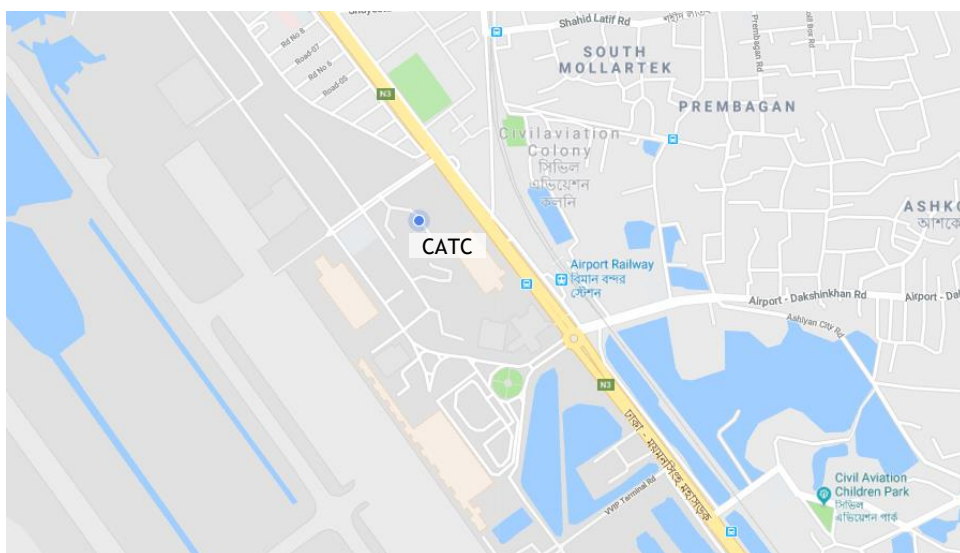

Self-learning and Learning for Results: CATC imparts training for results so that what is received in classrooms will be realized in the work fields. CATC perpetually pursues the follow up actions to evaluate post training utilization and impact of trainings in order to stay relevant and up-to-date. CATC values and maintain a creative environment for life-long self-learning and continuous learning both for trainees and trainers.

Leadership: CATC upholds "leadership" as a principle to be followed by the top-level managers. Leadership qualities include being positive in viewpoint, approaching with a focus on listening, always being open to compromise for the sake of justice and wellbeing of employees and organization, ability to come up with timely decisions and choices.

Leadership is also intended to include being open in all circumstances and honestly advise superiors on one's own initiative and team spirit.

Location

The CATC is located at Kurmitola, Dhaka, near the Airport Bus Stand, just south of the CAAB Headquarters, around five hundred meters north of Hazrat Shahjalal International Airport (HSIA) Terminal Building and around one hundred meters west of Airport road. The satellite view of CATC premises is shown from Google map.

Training Courses

Operational Training Courses

Civil Aviation Training Centre conducts courses for its own human resource in order to perform its operations. The following are the major operational disciplines:

- Air Traffic Services;
- Crash, Fire and Rescue;
- Aeronautical Communication, Air Navigation and Surveillance Systems or CNS Engineering;
- Aeronautical Telecommunication Operations;
- Aerodrome Engineering;
- Aviation Security.

Administrative Training Courses

Moreover, CATC conducts courses that are related to administration, finance & accounting and computer literacy. ICT-based digital services are being implemented in rapid pace under Digital Bangladesh agenda and new services are being introduced every year. To meet the national requirements, CATC conducts courses on e-Filing and e-GP.

ATS Courses

1. Basic Air Traffic Control Course
2. Air Traffic Control Refresher Course
3. Elementary Air Traffic Control Course
4. Area Control (Non-Radar) Course
5. Aeronautical Information Service (AIS) Course
6. Basic Aircraft Marshalling Course
7. Basic Aviation Cartography Course
8. Elementary Course on Aviation Cartography
9. SMS & SSP Course

CFR Courses

1. Crash Fire & Rescue (CFR-1) Basic Course
2. Crash Fire & Rescue Refresher Course
3. Airport Crash Fire & Rescue Driver Operator & Minor Maintenance (CFR-3) Course
4. Crash Fire & Rescue Instructor Course
5. CFR AFO Initial Course
6. First Aid Initial Course
7. First Aid Refresher Course
8. Fire Orientation Course

CNS Engineering Courses

1. CNS Engineering Course
2. Radio Technician Ab Initio Course
3. Electronic Fundamental Course
4. VOR/DME Refresher Course
5. ILS Refresher Course
6. Radar Refresher Course
7. Terminal Equipment Refresher Course
8. ATN / AMHS (BD) Refresher Course

Communication Operation Courses

1. Aeronautical Telecommunication Operation Basic Course
2. Communication Operation Refresher Course

Computer Courses

1. Linux Administration & Networking Course
2. Computer Course (Beginners Level) Course
3. Computer Course (Expert Level) Course
4. AutoCAD 2D & 3D Course

Administrative Courses

1. The Right to Information Course
2. Human Resource Development Course
3. Administrative Rules Course
