No.30.31.0000.111.45.001.19- 272

Dated: 27 -08-2019

## Civil Aviation Circular (CAC-AIR) -03/2019

This authority is hereby declaring that the Paragraph 9.10 of ANO-AMO/MRO discusses about the provision of Joint Venture with any Foreign AMO/MRO and the detailed explanation of this above-mentioned paragraph is described below which will be deemed to be effective from the date of the promulgation of the ANO-AMO/MRO.

In case of Joint Venture with any foreign entity, the technical qualification of foreign allied company shall be treated as the qualification of Joint Venture Company (JVC) and in such case the foreign Part-145 approved maintenance organization shall have to possess a valid Part-145 approved maintenance organization certificate with the appropriate scope issued by the ICAO contracting state where the foreign organization is based. In this case, the JVC may not be required to comply with paragraph-12 of the ANO-AMO/MRO and the required fees for issue and renewal of CAAB Part-145 approved maintenance organization certificate as mentioned in paragraph-11 of ANO-AMO/MRO. However, the JVC would only be permitted to continue its service in Bangladesh under the ANO-AMO/MRO if the foreign allied company's Part-145 is valid. Moreover, in case of the appointment of any foreign citizen by the JVC in Bangladesh, the company must have valid work permit from the competent authority of Bangladesh in favor of the foreign citizen and complete all other formalities as per the government requirements.
