

CIVIL AVIATION AUTHORITY, BANGLADESH
HEADQUARTERS, KURMITOLA, DHAKA-1229.

Request for Expression of Interest (EOI) From International Consulting Firms

Civil Aviation Authority, Bangladesh (CAAB) functions as the regulatory body for all aviation related activities in Bangladesh. It is also the aeronautical service provider and is responsible for safe, expeditious and efficient flow of air traffic within the flight information Region (FIR) bounded by the international geographic boundary of Bangladesh. There are 8 (eight) operating Airports in the country and Shah Amanat International Airport is one of them. Shah Amanat International Airport is the second largest international airport in Bangladesh situated in the southeastern port city of Chittagong. The airport is located in the Patenga area of the city, 20 kilometers (13 mile, 11 NM) west from the city's main commercial hub, GEC Circle and 18.5 km south of the city's railway station on the north bank of the Karnaphuli River. Operated and maintained by the Civil Aviation Authority of Bangladesh. Civil Aviation Authority of Bangladesh intends to engage a reputed international Consulting firm to conduct detailed feasibility study, prepare new master plan for a period of next 50 years, prepare detailed design drawing etc. of the infrastructures required to handle the future air traffic of the said airport as well as to carry out the Engineering services as described in EOI application form. In order to prepare a short list of consulting firm interested reputable international consulting firms are invited to provide information in sealed envelope indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar operating conditions, availability of appropriate professional qualification and experience among technical staff etc.) following the prescribed EOI application form as per schedule mentioned below:
